They... change the way we live.

They turn architectural designs into building plans. Help visually represent demographic areas. Measure geographic areas to update GPS devices. Research legal records to determine land boundaries. Their work is what does it... have to say about Drafters and Surveyors. What do Drafting and Surveying.

Learn more about Drafting and Surveying
- Practice making blueprints using graphic design software
- Participate in geocaching
- Try activities that involve following specific instructions, like assembling furniture
- Interview someone about their job in drafting or surveying
- Research careers and find college and training program information on QualityInfo.org in the “Jobs & Careers” and “Training & Education” sections

Looking for more information on STEM occupations?
Contact Lmipubs@oregon.gov to order copies of the STEM brochure series, offered for the following occupations:
- Biological Science
- Computer Information Systems
- Computer Science
- Drafting and Surveying
- Engineering
- Health Care
- Mathematics
- Physical Science
- Social Science
- Engineering

You can also view these brochures at QualityInfo.org on the “Publications” page in the Posters & Brochures box.

Consider a Career in Drafting & SURVEYING

Drafters and Surveyors use computer software, measuring tools, and other instruments to draw blueprints or create maps.

Bonuses
- To earning land
- Research legal records
- Measure geographic areas
- Help visually represent demographic
- Area
- building plans

Architectural and Civil Drafters - Electrical and Electronics Drafters - Mechanical Drafters - Surveyors - Cartographers and Photogrammetrists - Surveying and Mapping Technicians

The Oregon Employment Department is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Language assistance is available to persons with limited English proficiency at no cost.

El Departamento de Empleo de Oregon es un programa que respeta la igualdad de oportunidades. Disponemos de servicios o ayudas auxiliares, formatos alternos y asistencia de idiomas para personas con discapacidades o conocimientos limitados del inglés, español y en otros.

DRAFTING & SURVEYING

Do you enjoy...

Use equipment and graphic design to create engineering, architectural, geographic, construction, and other technical drawings.

Drafters and surveyors survey sites, and produce plans and maps for many different reasons, which include:

- Manufacturing products
- Planning neighborhoods
- Mineral exploration
- Drawing pictures
- Reading maps or charts
- Analyzing data
- Solving problems
- Measuring land features
- Map cities
- Sketch plans for machinery
- Draw electrical diagrams

Drafting and Surveying is in demand. Employment is expected to grow, with hundreds of new jobs being added over the next few years.

Starting Salaries begin around $30,000-$40,000 per year, up to $60,000 or MORE with several years experience.

With a career in Drafting and Surveying you could...

Do you enjoy...

Math: Algebra, Calculus, Geometry, Trigonometry
Physics
Statistics
Drafting
Geography
Computer-Assisted Design

Useful classes to prepare for college...

After high school, here’s the education you'll need to succeed:

The minimum education needed to work in drafting and surveying is a postsecondary certificate. More job opportunities will be available to those who get an associate or bachelor's degree.

REALITY Measuring designs or land IS ALSO PART OF THE JOB.
MYTH It’s ONLY ABOUT DRAWING OR MAPPING.
