In October 2020, Klamath County’s unemployment rate was 7.7 percent, up 2.1 percentage points from last year. Lake County’s unemployment rate was 5.8 percent, up 1.5 percentage points over last year. Leisure and hospitality, and mining and logging are the two industries with the biggest losses in October.

The Graph of the Month shows the latest information from the Office of Economic Analysis. The latest forecast has largely remained the same as previous analysis. The uncertainty remains in regard to the virus and the government policy responses. The General Fund revenue collections are still very strong since the beginning of the virus. The latest report recognizes that high-income households have been relatively spared, supporting tax collections. Here is the full report from the office.
