

Mid-Valley Economic Indicators—Linn County (Albany MSA)

From October 2017 to October 2018, Linn County’s private sector gained 2,250 jobs and the public sector lost jobs. The education and health services industry led the private-sector employment gains over the year. The Occupational Prioritization lists were developed to inform decision making regarding public investments in training to meet workforce needs. It ranks Oregon’s occupations that require training beyond high school using several factors: total openings, total openings relative to an occupation’s size, median wages, recent labor demand, and supply-demand analysis. Prioritizations are available for the state and local workforce areas.
