## Employment in Clatsop County: November 2025

### Clatsop County Unemployment Rate was 5.4% in November

Today, the Oregon Employment Department released monthly employment and unemployment data for November 2025 in Clatsop County, after a significant delay due to the federal government shutdown.

Clatsop County's seasonally adjusted unemployment rate was 5.4% in November, up from 5.2% in September, and above the rate of 4.3% in November 2024. The October unemployment rate is not available since the underlying data was not collected due to the federal government shutdown that month. The statewide unemployment rate was 5.2% in November, and the national rate was 4.6%.

Seasonally adjusted nonfarm payroll employment increased by 90 in November to 19,590 jobs. Seasonally adjusted figures compare expected changes with actual changes. A decrease of 380 jobs was expected for the month, and the county lost 290 jobs. The private sector lost 340 jobs while total government employment increased by 50. Leisure and hospitality lost 210 jobs. Nondurable goods manufacturing lost 90 jobs. Local education added 50 jobs.

November's total nonfarm employment was up from the previous year by 270 jobs (+1.4%). Some major industries gained jobs over the past year, but others have plateaued or shed jobs. Nondurable goods manufacturing had the largest gain, adding 220 jobs over the year (+16.4%). Accommodation and food services added 90 jobs (+2.0%). The largest decline was in trade, transportation, and utilities, which lost 50 jobs (-1.4%). Local government lost 40 jobs (-1.7%).

### Next News Releases

The Oregon Employment Department plans to release the December county and metropolitan area unemployment rates and employment survey data on Tuesday, Jan. 27, and the statewide unemployment rate and employment survey data for December on Thursday, Jan. 22.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

(1) Seasonally adjusted rates for the United States and Oregon are official Bureau of Labor Statistics (BLS) series. Source of Metro data is BLS and LAUS. Source of county data is OED.

(2) Portland-Vancouver-Hillsboro MSA includes Clackamas, Columbia, Multnomah, Washington, and Yamhill counties in Oregon and Clark and Skamania counties in Washington.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
