## **Employment in Eastern Oregon: November 2025**

The November seasonally adjusted unemployment rates increased in all six Eastern Oregon counties over the year. Rates are low compared to historic averages. The seasonally adjusted rate moved 0.7 percentage point higher in Harney County to reach 5.1% for the smallest increase. The largest increase came in Wallowa County where the seasonally adjusted rate rose 1.6 percentage points to reach 6.2%.

Baker County's nonfarm payroll employment decreased by 30 jobs since November 2024. Employment decreased by 30 jobs in the private sector and was unchanged in the public sector. There was a significant loss in retail trade (-90) and a significant gain in private education and health services (80). Seasonally adjusted total nonfarm employment increased by 40 in November, where there was a loss of 20 in government. Baker County's seasonally adjusted unemployment rate was 5.9% in November and 5.7% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 4.6% in November 2024.

Grant County's nonfarm payroll employment decreased by 60 jobs since November 2024. Employment decreased by 60 jobs in the private sector and was unchanged in the public sector. There were significant losses in manufacturing (-40), wholesale trade (-20), and retail trade (-20). There was a significant gain in construction (20). Seasonally adjusted total nonfarm employment dropped by 10 in November, where there was a loss of 20 in federal government. Grant County's seasonally adjusted unemployment rate was 7.9% in November and 7.6% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 6.4% in November 2024.

Harney County's nonfarm payroll employment increased by 170 jobs since November 2024. Employment increased by 130 jobs in the private sector and 40 jobs in the public sector. There were significant gains in leisure and hospitality (30), state government (20) and local government (20). Seasonally adjusted total nonfarm employment increased by 30 in November, led by a gain of 20 in private education and health care. Harney County's seasonally adjusted unemployment rate was 5.1% in November and 4.9% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 4.4% in November 2024.

Malheur County's nonfarm payroll employment decreased by 250 jobs since November 2024. Employment decreased by 120 jobs in the private sector and 130 jobs in the public sector. There were significant losses in local government (-140), mining, logging and construction (-70) and manufacturing (-50). There was a significant gain in professional and business services (50). Seasonally adjusted total nonfarm employment increased by 80 in November, led by gains of 30 in retail trade and private education and health care (20). Malheur County's seasonally adjusted unemployment rate was 4.9% in November and 4.8% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 4.1% in November 2024.

Union County's nonfarm payroll employment decreased by 50 jobs since November 2024. Employment decreased by 50 jobs in the private sector and there was no change in the public sector. There were significant losses in transportation, warehousing, and utilities (-60), construction (-50) and manufacturing (-40). There was a significant increase in financial activities (160). Seasonally adjusted total nonfarm employment decreased by 10 in November. There were losses in construction (-30) and professional and business services (-30). Union County's seasonally adjusted unemployment rate was 5.8% in November and 5.7% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 4.8% in November 2024.

Wallowa County's nonfarm payroll employment increased by 10 jobs since November 2024. Employment increased by 10 jobs in the private sector and was unchanged in the public sector. There were significant gains in transportation, warehousing, and utilities (40), and financial activities (30). There was a loss of 30 in manufacturing. There was no change in seasonally adjusted total nonfarm employment in November. There was a significant loss in leisure and hospitality (-70). Wallowa County's seasonally adjusted unemployment rate was 6.2% in November and 5.9% in September. The October unemployment rate is not available since underlying data was not collected due to the federal government shutdown that month. The rate is up from 4.6% in November 2024.

### **Next Press Releases**

The Oregon Employment Department plans to release the December county and metropolitan area unemployment rate and employment survey data on Tuesday, Jan. 27, and the statewide unemployment rate and employment survey data for December on Thursday, Jan. 22.

Local government	620	620	600	0	20

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
