## **Employment in Lane County (Eugene MSA)**

### Lane County Employment Held Steady in May

Lane County's seasonally adjusted payroll employment held steady in May after losses of 200 in April and 700 in March.

In the not seasonally adjusted private-sector industries in May, there was a large seasonal gain in leisure and hospitality (800). There was an additional gain of 400 in health care and social assistance. These gains were countered by small losses in construction (-100) and manufacturing (-100).

Government gained 300 jobs in May from a gain of 200 in local education and a gain of 100 in federal government.

When comparing May 2025 with May 2024, total nonfarm employment dropped 300 jobs on a seasonally adjusted basis for a loss of 0.2%. There were relatively large gains in private education and health services (1,200) and leisure and hospitality (500). There were relatively large losses in retail trade (-600), manufacturing (-500), construction (-400) and professional and business services (-400).

There was an over-the-year increase of 1,000 in government due to gains in local education (800), which includes the University of Oregon, state government (100), and noneducation local government (100).

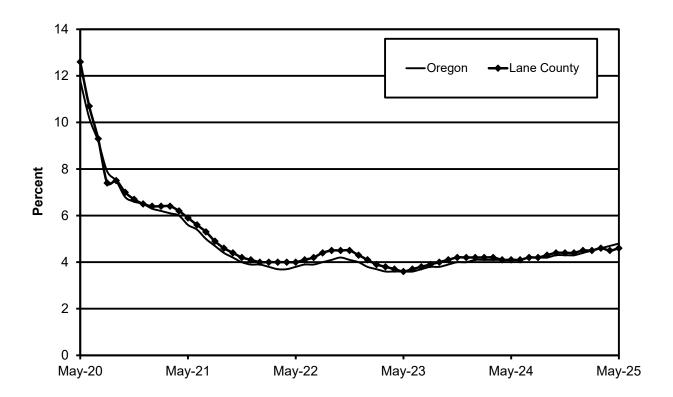

Lane County's seasonally adjusted unemployment rate was essentially unchanged at 4.6% in May compared with a revised 4.5% in April. The rate is up significantly from the 4.1% recorded in May of 2024. Lane County's record low rate was 3.5% in November 2019. The Oregon seasonally adjusted November rate was 4.8% and the U.S. rate was 4.2%.

#### **Next Press Releases**

The Oregon Employment Department plans to release the June county and metropolitan area unemployment rates on Tuesday, July 22, and the next statewide unemployment rate and employment survey data for June on Wednesday, July 16.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence. Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants. Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Official Oregon Series. Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

# **NEWS**

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
