## **Employment in Lincoln County: November 2025**

### **Seasonally adjusted employment decreased by 50 jobs in November**

Today, the Oregon Employment Department released monthly employment and unemployment data for November 2025 in Lincoln County, after a significant delay due to the federal government shutdown.

Lincoln County's seasonally adjusted unemployment rate was 6.1% in November, up from 6.0% in September. It was up from 5.2% the year before. The October unemployment rate is not available since the underlying data was not collected due to the federal government shutdown that month. The statewide unemployment rate was 5.2% in November, and the national rate was 4.6%.

Seasonally adjusted nonfarm payroll employment decreased by 50 in November to 18,770 jobs. Seasonally adjusted figures compare expected changes with actual changes. A loss of 290 jobs was expected for the month. The county's total nonfarm employment actually decreased by 340, with a loss of 360 jobs in the private sector, while government employment increased by 20. Leisure and hospitality lost 180 jobs. Nondurable goods manufacturing employment decreased by 140.

November's total nonfarm employment numbers were up 60 jobs over the year, an increase of 0.3%. The largest gains occurred in nondurable goods manufacturing and food and beverage retailers, which rose by 70 jobs each over the year in November. Food services and drinking places lost 60 jobs. Local government, excluding education and tribal employment, added 110 jobs.

### **Next News Releases**

The Oregon Employment Department plans to release the December county and metropolitan area unemployment rates and employment survey data on Tuesday, Jan. 27, and the statewide unemployment rate and employment survey data for December on Thursday, Jan. 22.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

(1) Seasonally adjusted rates for the United States and Oregon are official Bureau of Labor Statistics (BLS) series. Source of Metro data is BLS and LAUS. Source of county data is OED.

(2) Portland-Vancouver-Hillsboro MSA includes Clackamas, Columbia, Multnomah, Washington, and Yamhill counties in Oregon and Clark and Skamania counties in Washington.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
