Employment in Yamhill County: April 2025

Yamhill County's Unemployment Rate Remains at 4.3%

Yamhill County's seasonally adjusted unemployment rate was 4.3% in April, matching its revised rate of 4.3% in March. Oregon's statewide unemployment rate in April was 4.7%, up from its revised March rate of 4.6%.

Yamhill County's employment gains in April were more than normal; total nonfarm employment increased 220 jobs, when an employment increase of 120 jobs would be expected. As a result, seasonally adjusted employment was up 100 in April. Employment is 1,270 jobs (+3.6%) above the pre-pandemic level in March 2020.

The private sector added 240 jobs in April. The largest private-sector industry employment gains in April were reported in health care and social assistance (+80 jobs, +1.2%), construction (+50 jobs, +2.4%), and leisure and hospitality (+40 jobs, +1.1%).

Yamhill County's public-sector employment was down 20 in April. Local government employment was down 20 jobs. State government employment and federal government employment were both unchanged in April.

Next Press Releases

The Oregon Employment Department plans to release the May county and metropolitan area unemployment rates on Tuesday, June 24 and the statewide unemployment rate and employment survey data on Wednesday, June 18.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.

The pdf version of the news release, including tables and graphs, can be found at www.qualityinfo.org/press-release/. To obtain the data in other formats such as in Excel, visit QualityInfo.org, select Tools, and choose LAUS or CES from the dropdown menu.
