Employment in Yamhill County: June 2026

Yamhill County's Unemployment Rate Remains at 4.8%

Yamhill County's seasonally adjusted unemployment rate was 4.8% in June, unchanged from May's revised rate of 4.8%. Yamhill County's unemployment rate was unchanged over the past year. Oregon's statewide unemployment rate in June was 5.2%. Oregon's unemployment rate was unchanged over the past year.

Yamhill County's employment losses in June were less than normal; total nonfarm employment decreased 360 jobs, when an employment decrease of 660 jobs would be expected. As a result, seasonally adjusted employment was up 300 in June. Employment is 1,910 jobs (+5.4%) above the pre-pandemic level in February 2020.

Over the past year Yamhill County's seasonally adjusted total nonfarm employment has gained 190 jobs or +0.5%.

The private sector shed 370 jobs in June. The largest private-sector industry employment losses in June were reported in private educational services (-370 jobs, -14.4%) and professional and business services (-120 jobs, -4.5%).

Yamhill County's public-sector employment was up 10 in June. Federal government employment was up 10. State and local government employment were both unchanged in June.

Next Press Releases

The Oregon Employment Department plans to release the July county and metropolitan area unemployment rates on Tuesday, Aug. 25 and the statewide unemployment rate and employment survey data on Wednesday, Aug. 19.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
