## **Employment in Yamhill County: October 2022**

### **Yamhill County's Unemployment Rate Increases to 3.5%**

Yamhill County's seasonally adjusted unemployment rate was 3.5% in October, ticking up from its revised rate of 3.4% in September. Oregon's statewide unemployment rate in October was 4.1%, up from its revised September rate of 3.8%.

Yamhill County's employment gains in October were larger than normal; total nonfarm employment increased 1,230 jobs, when an employment increase of 210 jobs would be expected. As a result, seasonally adjusted employment increased by 1,020 jobs between September and October. Employment is 0.5%, or 160 jobs, above the pre-pandemic level in February 2020.

The private sector added 1,210 jobs in October. The largest gains were in private educational services (+1,100 jobs, +47.8%) and manufacturing (+110 jobs, +1.5%).

Sectors losing the most employment in October were construction (-20 jobs, -0.9%); professional and business services (-20 jobs, -0.9%); and leisure and hospitality (-20 jobs, -0.6%).

Yamhill County's public sector added 20 jobs in October. Local government employment grew 20. State government and federal government employment were both unchanged.

### **Next Press Releases**

The Oregon Employment Department plans to release the November county and metropolitan area unemployment rates on Tuesday, Dec. 20 and the statewide unemployment rate and employment survey data on Wednesday, Dec. 14.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
